The first step in the **procedure to register NGO** is choosing the right legal structure – Trust, Society, or Section 8 Company. Each type has specific legal requirements, and our experts help you select the one best suited for your mission and objectives.

As part of the **NGO procedure for registration**, we assist in drafting essential documents like the Memorandum of Association (MOA), Rules & Regulations, and other supporting papers. We also help in arranging identity proofs, address proofs, and no-objection certificates where necessary.

NGO Experts handle the complete process of filing applications with the concerned Registrar or MCA, depending on your NGO type. We also track your application status, ensure timely responses to queries, and secure your registration certificate without delays.
