

Fly Cheapest Airlines in US – Save Big on Your Next Flight!

If you think ever, you know that flying in the US can be one of the biggest expenses of any trip. Between tickets, luggage fees & add-ons, costs add up quickly. That's why knowing the cheapest airlines in US is such a money-saver. No matter if you are flying across the country, hopping down to Mexico, or heading to the Caribbean, some carriers are consistently easier on the wallet than others.

When it comes to moving from one place to another, the first thing that comes to mind is price, and which airline is the cheapest? So, to help you find the best deals, we looked at airline passenger revenue per available seat mile (that's basically how much airlines make for each seat for every mile flown). The lower the number, the cheaper the airline usually is for passengers.

In this post, we shed light on the cheapest airlines in US, which can help you save big on your journeys in 2025! So, stay tuned with [Flight Booking Zone](#) to fly confidently without breaking the bank!

How are American & Southwest Airlines the Cheapest Over Others?

When people think about budget-friendly airlines in the US, names like Frontier, Spirit, or Allegiant often come to mind. But American as well as Southwest Airlines actually give you more value for your money while still being among the cheapest options. Let's break it down:

Southwest Airlines: The #1 Cheapest Airline in the US

Southwest Airlines is one of the cheapest airlines in the USA that permits you to save big on your frequent travel. It is also famous as a super discount airline among passengers because of its affordable fares. The airline tops the list with an average revenue per seat mile of \$0.1732.

What makes Southwest Airlines popular?

The following features make the airline everyone's favorite in the USA:

- Exceptional flexibility than most other large airlines in the country.
- Free flight changes and cancellations (you only pay the fare difference).
- Two free checked bags per passenger (no other US airline gives this benefit).
- Free snacks, drinks, and in-flight entertainment.

American Airlines: Travel the World Without Overspending!

American Airlines is one of the largest carriers in the world, yet it offers Basic Economy fares that are often as low as those of budget airlines. The difference is—you get more included without paying extra.

- Complimentary snacks and drinks (no need to buy them like on Spirit or Frontier).

- A full-sized carry-on bag for free (some budget airlines charge for this).
- Frequent deals and loyalty rewards with AAdvantage Miles.
- Access to 350+ destinations worldwide, so you can fly cheaply both locally and internationally.

While Spirit and Frontier may advertise lower base fares, once you add in bags, seat selection, and snacks, their tickets often cost more than American’s Basic Economy.

Why does Seat Mile Revenue Matter?

If you have never heard of revenue per seat mile, don't worry. We know you may find it a little bit complicated to understand, but think of it like this:

- The more money an airline earns per mile, the more expensive it typically is for you as a traveller.
- The less money per mile, the more likely you are to score cheap flights.

So, by looking at these averages, we can find the [best low cost airlines](#) that consistently deliver affordable fares, and which ones might not be the bargains they claim to be.

The Final Words

Finding the cheapest airlines in US doesn't mean you have to compromise on comfort or reliability. When passengers book flights, one question: What is the cheapest airline, often hits the mind. So, it depends on your travel style.
